

REMARKS

The instant Amendment Under 37 C.F.R. 112 is a substitute for the Amendment Under 37 C.F.R. 112 filed October 28, 2010, entry of which was disapproved, and is being submitted at the request of Examiner Venkat. Claim 72 has been corrected in accordance with Examiner Venkat's suggestion.

Status of the Claims

Claims 3--10, 12, 14-17, 22--34, 60, 61, 67, and 68 are pending in this application, and have been allowed.

Claims 3--12, 14-17, 22--33, 60, 61, 67, and 68 have been amended to replace in line 1 of each claim "composition" with the word --method--, inasmuch as these claims now depend directly or indirectly from method claim 34.

Claim 60 has been amended to delete '-containing polymer surfactant' as such term is present in claim 34 from which claim 60 depends. This amendment makes clear that the solubilizer species is polyvinyl alcohol, which is part of the polyvinyl alcohol-containing polymer surfactant genus identified in claim 34. Absent this amendment claim 60 would not further limit claim 34.

Claims 71-73 are new and depend directly or indirectly from claim 34, and which correspond to original claims 50-52 canceled in the Examiner's amendment. The canceled claims 50-52 were dependent from claim 2, the elements and limitations of which have now been incorporated into allowed method claim 34. Accordingly, no new matter is believed added by way of the newly added claims and no new issues of patentability are raised by these new claims, entry of which is respectfully requested.

In the event that the proposed amendments cannot be entered in whole or in part for any reason, the Examiner is requested to contact the undersigned.

Applicant is appreciative of the Examiner's finding of allowability of the current claims.

Respectfully submitted,

Dated: November 11, 2010
